## Introducing, the perfect seating for people who just can't sit still.

Anyone who's on the move will love our new Müm™ (pronounced moom) seating. Müm™ is a collection of 'touchdown' or 'perch' seating with interchangeable bases. Using one standard top, customers can choose from a number of bottoms (rock, roll, stationery bottom and high options) to fit their needs. The rock and roll executions are designed to enable movement while seated. Müm™ is perfect for student unions, dorms and anywhere that someone wants to sit and move – or move and sit. To learn more, visit [www.psfurniture.com](http://www.psfurniture.com). Müm™ is the word.

*Your world doesn't stand still. Neither should your furniture.*
